Go-Ride Derbyshire Weekend

The Sunday club runs

These have maintained their popularity. We regularly get large groups of riders out so in 2018 we began separating the riders into groups of no more than 10 or so riders which seems to work well.

The Presidents Run

The two Presidents Run events at the beginning and end of the season will take place again in 2019. Dates to be announced at a later date.

The Summer Social Rides

The summer social rides were well attended in 2018 and attracted a few new members. They are very popular with the core of club riders that attend regularly and running them weekly basis seems to work well so we will continue on that basis for 2019.

Breeze Rides

Breeze rides are a British Cycling initiative to attract more women into cycling. Zillah Turner has been leading Breeze Rides for over a year now and they have proved to be very popular. It was suggested at the meeting that Zillah be included as a committee member as a Breeze representative.

Time Trials

Beeston RC took part in the Tuesday evening Beeston Time Trial again in 2018 in partnership with Beeston CC. A handful of Beeston RC riders supported the event with Steve Custance timekeeping etc. It is envisaged that the time trials will continue on this basis in 2019. Ilkeston CC have expressed an interest in being involved in 2019. This was agreed in principle.

Trophies

Thanks to the efforts, led by our President Mike Davis, who has updated the inventory of trophies, we now have knowledge of the whereabouts of more of the club trophies. Some of the club trophies are still missing. If anyone still has a trophy, please return it to us.

AOB

Arran Linton Smith suggested that a summer ride to Woodhall Spa could take place in 2019. Woodhall Spa is approximately 50 miles from Beeston and this ride would be a good opportunity for any members who have not completed a 100 mile ride to do so.

Meeting ended at 9pm.
